To whom it may Concern. I Respectfully Urge the FCC to reject the NAB'S Petition 04-160 and to support the Xm Ability to provide the kind of programming that we demand and deserve. I Speak for my self and other that Drive Truck it give us Entertainment and the weather and news for the states we drive thru. So please reject that petition For the Truck Driver that Listen to xm Radio. Not only that some of the Local channel dont come in that well as the xm Radio, I dont see the problem with the local and the xm radio It should be up to the person who listening to the radio which one they want to listen to and get there weather and traffic from. The Xm Radio Give the Truck Driver More Channel to Listen to and entertainment for them as Drive down the Highway. Then Your Local Channels!

Thank You
